Research, Evaluation and Audit: Key Steps in Demonstrating Your Value Marcia J. Grant, Barbara Sen, Hannah Spring

This step-by-step guide provides encouragement, support, and direction for health librarians who may be new to research and evaluation or lacking in confidence or expertise. With a focus on practice-based research, evaluation, and small projects, it guides the reader through the research process, from starting to think about the research question, through to the completion of the research and dissemination of the results. It is designed to encourage quality research from library professionals and encourage them to add to the evidence base in this sector. This timely collection considers methods and approaches that are suitable in a health library context, making it a useful tool for health library professionals and students alike.
