Getting started with Audacity 1.3 Bethany Hiitola

Conversational and practical, this book is full of real life examples of where and how you would use the Audacity software. Not only does it give you task-based step-by-step instructions from installation to advanced audio editing techniques, it caters to the beginner to familiarize them with all the jargon, suggests recording equipment, it walks them through a simple sample project showing off everything Audacity can do. If you are new to audio recording and editing, and particularly using the Audacity software, this book is for you. It explains everything from common audio industry terms and software basics. Technical sound engineering details and jargon are omitted to keep the book friendly and easy to understand.
