Organisational Learning in the Automotive Sector (Routledge Advances in Management and Business Studies) Dr Penny West, Penny West

This book considers the concepts of organisational learning and the learning organisation, and critically examines their take up within the context of four contemporary work organisations in the European automotive sector. Within this dynamic environment, the pursuit and implementation of approaches that encourage individuals to learn and challenge existing orthodoxy are now dominant on the management agenda. Changes to processes, structures, cultures and the employment relationship *per se*.
