## SpaceShipOne: An Illustrated History Dan Linehan

“One of the most remarkable accomplishments in our conquest of gravity.” — Sir Arthur C. Clarke

In April, 2003, a company called Scaled Composites introduced *SpaceShipOne* to the world. *SpaceShipOne: An Illustrated History* chronicles the development of the world’s first commercial manned space program—a program that includes an airborne launcher (the *White Knight*), a space ship (*SpaceShipOne*), rocket propulsion, avionics, simulator, and full ground support. With ample illustrations, photographs, and behind-the-scenes information, *SpaceShipOne* provides a full picture of this classified project.

The story of *SpaceShipOne* combines the adventurous spirit of Charles Lindbergh, the entrepreneurial drive of Howard Hughes, and the urgency of the space race at the height of the Cold War.
