Saving Children from the Holocaust: The Kindertransport (Holocaust Through Primary Sources) Ann Byers

“Who will look after me . . . and why can't we all go together?” Kurt Fuchel asked his father these questions, as the young boy prepared to embark on a journey to England . . . alone. Fuchel was one of ten thousand children who made this journey shortly before World War II began. In 1938, Jews searched for a way out of Germany. But anti-Jewish laws and nations unwilling to accept fleeing refugees made escape difficult or impossible. England's effort to save the children effort came to be known as the Kindertransport, and author Ann Byers discusses the heroes who organized the transports and the children who were saved from the Holocaust.
