Study Guide for Pharmacology for Health Professionals Renee Acosta

The Study Guide for LWW's Pharmacology for Health Professionals, Second Edition, reinforces the concepts of the main text with a variety of question types, including matching, multiple choice, true/false, recall facts, fill-in-the-blanks, list, clinical applications, and case studies. The 46 chapters match the contents of LWW's Pharmacology for Health Professionals, Second Edition. The questions cover a broad range of information learned in a typical undergraduate pharmacology course. The companion website on thePoint includes access to the complete e-book version of the study guide. Instructors can also access the complete answer key.
