This Quantitative System for Business is an interactive decision support system which offers an array of powerful tools to help managers solve problems and make successful business decisions! The software offers a wide range of problem-solving tools from management science and operations management. In a user-friendly, easy-to-understand environment, users learn how these tools work and how to apply them to tackle business problems. Data entry is spreadsheet oriented and easy to do. Output includes spreadsheet tables and graphic analyses. Extensive help files support the user every step of the way.

From reader reviews:

Joseph Navarro:

Have you spare time for any day? What do you do when you have considerably more or little spare time? Yes, you can choose the suitable activity with regard to spend your time. Any person spent their particular spare time to take a go walking, shopping, or went to often the Mall. How about open or even read a book entitled WinQSB? Maybe it is to be best activity for you. You already know beside you can spend your time with your favorite's book, you can smarter than before. Do you agree with its opinion or you have different opinion?

William Johnson:

Nowadays reading books become more and more than want or need but also become a life style. This reading routine give you lot of advantages. The advantages you got of course the knowledge the rest of the information inside the book that will improve your knowledge and information. The information you get based on what kind of guide you read, if you want attract knowledge just go with training books but if you want really feel happy read one using theme for entertaining like comic or novel. Often the WinQSB is kind of publication which is giving the reader capricious experience.

Adam Cuyler:

Within this era which is the greater man or woman or who has ability to do something more are more valuable than other. Do you want to become among it? It is just simple solution to have that. What you need to do is just spending your time not much but quite enough to get a look at some books. One of several books in the top collection in your reading list will be WinQSB. This book and that is qualified as The Hungry Mountains can get you closer in becoming precious person. By looking right up and review this reserve you can get many advantages.

Tammie Torres:

As we know that book is very important thing to add our information for everything. By a guide we can know everything we want. A book is a list of written, printed, illustrated or maybe blank sheet. Every year had been exactly added. This reserve WinQSB was filled concerning science. Spend your free time to add your knowledge about your scientific research competence. Some people has distinct feel when they reading a new book. If you know how big good thing about a book, you can feel enjoy to read a guide. In the modern era like today, many ways to get book you wanted.
