My God and I: A Spiritual Memoir Lewis B. Smedes

In this moving spiritual memoir, finished shortly before his death in December 2002, Lewis Smedes, beloved teacher and best-selling author, takes readers through his own lifelong walk with God.

In *My God and I* Smedes gives voice to both the struggles and the joys of his life, revealing his deepest questions to a God who would never let him go and expressing his eager anticipation of the day when, as God promises, all things will be made new. "It has been 'God and I' the whole way," Smedes writes. "Not so much because he has always been pleasant company. Not because I could always feel his presence when I got up in the morning or when I was afraid to sleep at night. It was because he did not trust me to travel alone."

Yet *My God and I* is more than Smedes's personal account of his travels with God -- the theological odyssey that was his life. Like all his writings, this book also models and instructs. Through his honest confessions on the nature of Christian faith, Smedes offers gentle insights not just about God but also about human life and how it can and should be lived. And for those interested in the particulars of Smedes's professional life, these pages include many anecdotes by one whose career was linked closely with shifting currents in modern theology and with some of America's premier educational institutions.

Above all, *My God and I* will provide a source of spiritual comfort to those who, like Smedes, continue to strive after the presence of God. It will also be a cherished good-bye for the many people who have been touched by the wisdom, wit, and charm of Lewis Smedes.

Is it you actually who having spare time and then spend it whole day by watching television programs or just lying on the bed? Do you need something totally new? This My God and I: A Spiritual Memoir can be the response, oh how comes? The new book you know. You are thus out of date, spending your extra time by reading in this brand-new era is common not a geek activity. So what these textbooks have than the others?

Fay Harris:

As a college student exactly feel bored to be able to reading. If their teacher asked them to go to the library as well as to make summary for some book, they are complained. Just tiny students that has reading's spirit or real their interest. They just do what the trainer want, like asked to go to the library. They go to right now there but nothing reading really. Any students feel that reading through is not important, boring along with can't see colorful images on there. Yeah, it is to get complicated. Book is very important for yourself. As we know that on this period, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. Therefore this My God and I: A Spiritual Memoir can make you feel more interested to read.
