Le fils du Soleil (French Edition) Gustave Aimard

La Patagonie est aussi inconnue aujourd'hui qu'elle l'était lorsque Juan Diaz de Solis et Vincente Yanez Pinzon y débarquèrent en 1508, seize ans après la découverte du Nouveau-Monde. Les premiers navigateurs, involontairement ou non, ont couvert ce pays d'un voile mystérieux que la science et des relations fréquentes n'ont pas encore entièrement soulevé. Le célèbre Magalès (Magellan) et son historien le chevalier Pigafetta, qui touchèrent ces côtes en 1520, furent les premiers qui inventèrent ces géants patagons si haut que les Européens atteignaient à peine à leur ceinture, ou grands de plus de neuf pieds et ressemblant à des cyclopes. Ces fables, comme toutes les fables, ont été acceptées pour des vérités, et, au siècle dernier, devinrent le thème d'une très-vive polémique, entre les savants. Aussi donna-t-on le nom de Patagons (grands pieds) aux habitants de cette terre qui s'étend du versant occidental des Andes à l'océan Atlantique. La Patagonie est arrosée, dans toute sa longueur, par le Rio-Colorado au N., et le Rio-Négre à l'E.-S.-E. Ces deux fleuves, par les méandres de leurs cours, rompent agréablement l'uniformité du terrain aride, sec, sablonneux, où croissent seulement des buissons épineux, et dispensent la vie à la végétation non interrompue qui court le long de ses rives. Ils s'enroulent autour d'une vallée fertile ombragée de saules et tracent deux profonds sillons au milieu d'une terre presque unie. Le Rio-Négre coule dans une vallée cernée par de hautes falaises coupées à pic, que les eaux viennent battre encore. Là où elles se sont retirées, elles ont laissé des terrains d'alluvion revêtus d'une végétation éternelle, et ont formé des îles nombreuses peuplées de saules et contrastant avec l'aspect triste des falaises nues des coteaux. Les singes, les grisons, la mouffette, le renard, le loup rouge parcourent incessamment et dans tous les sens les déserts de la Patagonie, en concurrence avec le cougouar, lion d'Amérique, et les imbaracayas, ces chats sauvages si féroces et si redoutables.

From reader reviews:

Brandon Li:

What do you think about book? It is just for students since they're still students or it for all people in the world, what the best subject for that? Just you can be answered for that issue above. Every person has various personality and hobby for each and every other. Don't to be forced someone or something that they don't need do that. You must know how great and important the book Le fils du Soleil (French Edition). All type of book can you see on many sources. You can look for the internet sources or other social media.

Cedric Baker:

This Le fils du Soleil (French Edition) is great reserve for you because the content that is certainly full of information for you who else always deal with world and have to make decision every minute. This book reveal it facts accurately using great plan word or we can say no rambling sentences in it. So if you are read it hurriedly you can have whole details in it. Doesn't mean it only gives you straight forward sentences but tricky core information with attractive delivering sentences. Having Le fils du Soleil (French Edition) in your hand like finding the world in your arm, data in it is not ridiculous one. We can say that no guide that offer you world throughout ten or fifteen second right but this guide already do that. So , this is certainly good reading book. Hi Mr. and Mrs. stressful do you still doubt that?

Nicolas Dandrea:

In this period globalization it is important to someone to get information. The information will make someone to understand the condition of the world. The healthiness of the world makes the information quicker to share. You can find a lot of personal references to get information example: internet, newspaper, book, and soon. You can see that now, a lot of publisher that will print many kinds of book. Typically the book that recommended for your requirements is Le fils du Soleil (French Edition) this guide consist a lot of the information with the condition of this world now. This book was represented how can the world has grown up. The terminology styles that writer require to explain it is easy to understand. The particular writer made some analysis when he makes this book. That is why this book acceptable all of you.

Caitlin Cruz:

Do you like reading a book? Confuse to looking for your best book? Or your book was rare? Why so many issue for the book? But any kind of people feel that they enjoy to get reading. Some people likes looking at, not only science book but additionally novel and Le fils du Soleil (French Edition) as well as others sources were given know-how for you. After you know how the truly great a book, you feel wish to read more and more. Science publication was created for teacher or maybe students especially. Those textbooks are helping them to include their knowledge. In various other case, beside science reserve, any other book likes Le fils du Soleil (French Edition) to make your spare time far more colorful. Many types of book like here.
