Some people would do anything for love... even go to war... forever. What happened to Ene the Conqueror, and He, of Troiia, after the end of the Troian War and they departed for home, reunited at last? It doesn't go well for either of them, it turns out. You think war is hell? Try being married to these two. This legendary couple finds themselves trapped on a world where madness reigns and blood flows daily. To escape, Ene must hunt and kill the bastard son of a god and He must weave stories night after night hoping to stay alive long enough for his bride to rescue him...

"Fraction and Ward are doing wildly imaginative work combining fantastic Greek mythology with futuristic science fiction, and the book has a visual sensibility unlike anything else on the stands." —The A.V. Club
