The Trick Brain

Dariel Fitzkee

The Trick Brain Dariel Fitzkee

2015 Reprint of the 1944 edition. Full facsimile of the original edition, not reproduced with Optical Recognition Software. This is no mere book of tricks. Fitzkee reduces all magic tricks to some nineteen general basic effects. Then, one by one, he discusses All the possible ways of accomplishing any of these general effects. He also starts suggesting ways of developing new tricks from old ones. “The Trick Brain” is the finest single achievement ever brought to the magic world.... It is a necessity for the intelligent magician”—Stuart Robson “An outstanding contribution to the literature of magic... The best work on the theory of magic since Nevil Maskelyne”—Wilfred Jonson. “This work is of great value for magicians. Whether or not the book is used for producing original magic, it should be read, reread and studied by every magician for a better understanding of what magic is and what magicians can do and can seem to do.... A most valuable book and completely necessary for every student of magic.”—John Mulholland, editor THE SPRINX.

From reader reviews:

Emily Walker:

What do you consider book? It is just for students as they are still students or that for all people in the world, what the best subject for that? Simply you can be answered for that query above. Every person has various personality and hobby for every other. Don't to be compelled someone or something that they don't desire do that. You must know how great and important the book The Trick Brain. All type of book are you able to see on many options. You can look for the internet resources or other social media.

Dana Martin:

Many people spending their moment by playing outside along with friends, fun activity having family or just watching TV all day long. You can have new activity to shell out your whole day by reading a book. Ugh, ya think reading a book will surely hard because you have to take the book everywhere? It all right you can have the e-book, having everywhere you want in your Cell phone. Like The Trick Brain which is getting the e-book version. So , why not try out this book? Let's notice.

Rona Foret:

Do you like reading a publication? Confuse to looking for your selected book? Or your book had been rare? Why so many concern for the book? But any kind of people feel that they enjoy intended for reading. Some people likes studying, not only science book and also novel and The Trick Brain or perhaps others sources were given know-how for you. After you know how the fantastic a book, you feel desire to read more and more. Science publication was created for teacher as well as students especially. Those books are helping them to bring their knowledge. In additional case, beside science guide, any other book likes The Trick Brain to make your spare time much more colorful. Many types of book like here.

Evelyn Rogers:

As a university student exactly feel bored to be able to reading. If their teacher questioned them to go to the library or to make summary for some book, they are complained. Just tiny students that has reading's heart and soul or real their interest. They just do what the teacher want, like asked to go to the library. They go to presently there but nothing reading critically. Any students feel that studying is not important, boring and can't see colorful pictures on there. Yeah, it is to get complicated. Book is very important to suit your needs. As we know that on this period, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. So , this The Trick Brain can make you sense more interested to read.
