Entre el derecho y la moral. Un análisis de la mediación como estrategia para la resolución de conflictos (Spanish Edition) Paula Mussetta

El libro es una reconstrucción sociológica de una institución jurídica: la mediación. Destacando su papel como política de Estado, nos muestra que, lejos de ser un instrumento para lograr ciertas metas, la mediación es portadora de una idea moral acerca de la sociedad, propia de la era neoliberal. Es una invitación a pensar el significado social del derecho desde el contexto de las transformaciones del Estado.
