## **Puzzling Typography A Sequel: Mazes with Tessellating Letters** Robert E Schenk

The 84 mazes in this book are built from letter shapes that tessellate, that is, fit together to fill the plane. This book is a followup to *Puzzling Typography: Mazes with Letter Tessellations* (2012); the original and this sequel may be the largest collection of alphabet tessellations that you can find. The mazes are moderately difficult and are intended for older children and adults. Solutions are included.
