His crimes - unforgivable. His death - inevitable. His suffering - just beginning.

Obadiah Stark aka The Tally Man, is executed at ADX Absolom, his death sentence watched by the world's media, victim relatives and one investigative reporter, Joe O Connell. Penning an account of Stark's personal history and subsequent crimes in the hope of determining what elements make the sociopathic mind tick, Joe discovers clues and inconsistencies which cause him to investigate Stark's execution.

While this is happening in the real world, Obadiah Stark awakens to an afterlife where he has a wife and daughter bound to his childhood hometown. Following his natural predatory instinct, Obadiah proceeds to torment the town, committing multiple murders before being gunned down by the police. He awakens to find that everything has reset, with no one recalling his murderous spree a reality which offers no escape. As the scenes repeat, he is forced to submit to emotions he has never experienced before... and with it, a poisonous dose of morality.
