Meet the Beatles Steven D. Stark

Rob Sheffield, the *Rolling Stone* columnist and bestselling author of *Love Is a Mix Tape*, offers an entertaining, unconventional look at the most popular band in history, the Beatles, exploring what they mean today and why they still matter so intensely to a generation that has never known a world without them.

Meet the Beatles is not another biography of the Beatles, or a song-by-song analysis of the best of John and Paul. It isn't another exposé about how they broke up. It isn't a history of their gigs or their gear. It is a collection of essays telling the story of what this ubiquitous band means to a generation who grew up with the Beatles music on their parents' stereos and their faces on T-shirts. What do the Beatles mean today? Why are they more famous and beloved now than ever? And why do they still matter so much to us, nearly fifty years after they broke up?

As he did in his previous books, *Love is a Mix Tape*, *Talking to Girls About Duran Duran*, and *Turn Around Bright Eyes*, Sheffield focuses on the emotional connections we make to music. This time, he focuses on the biggest pop culture phenomenon of all time—The Beatles. In his singular voice, he explores what the Beatles mean today, to fans who have learned to love them on their own terms and not just for the sake of nostalgia.

Meet the Beatles tells the story of how four lads from Liverpool became the world's biggest pop group, then broke up—but then somehow just kept getting bigger. At this point, their music doesn't belong to the past—it belongs to right now. This book is a celebration of that music, showing why the Beatles remain the world's favorite thing—and how they invented the future we're all living in today.

From reader reviews:

Barbara Marburger:

The book Meet the Beatles can give more knowledge and information about everything you want. So just why must we leave the great thing like a book Meet the Beatles? Some of you have a different opinion about guide. But one aim that will book can give many info for us. It is absolutely correct. Right now, try to closer along with your book. Knowledge or info that you take for that, you are able to give for each other; you can share all of these. Book Meet the Beatles has simple shape but you know: it has great and big function for you. You can look the enormous world by available and read a e-book. So it is very wonderful.

Rose Cotner:

What do you about book? It is not important with you? Or just adding material when you need something to explain what the ones you have problem? How about your extra time? Or are you busy man? If you don't have spare time to perform others business, it is make one feel bored faster. And you have extra time? What did you do? Every individual has many questions above. The doctor has to answer that question due to the fact just their can do which. It said that about reserve. Book is familiar in each person. Yes, it is right. Because start from on guardería until university need this particular Meet the Beatles to read.

Michael Turner:

As a scholar exactly feel bored to be able to reading. If their teacher asked them to go to the library or even make summary for some book, they are complained. Just tiny students that has reading's spirit or real their interest. They just do what the professor want, like asked to the library. They go to right now there but nothing reading seriously. Any students feel that reading through is not important, boring in addition to can't see colorful photographs on there. Yeah, it is being complicated. Book is very important in your case. As we know that on this era, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. Therefore this Meet the Beatles can make you really feel more interested to read.

Maria Mariani:

What is your hobby? Have you heard which question when you got learners? We believe that that concern was given by teacher for their students. Many kinds of hobby, Every individual has different hobby. And you know that little person such as reading or as examining become their hobby. You need to know that reading is very important and book as to be the factor. Book is important thing to include you knowledge, except your teacher or lecturer. You get good news or update regarding something by book. Different categories of books that can you decide to try be your object. One of them is actually Meet the Beatles.
