## **The Sixteen Documents of Vatican II (Ecclesial Classics)** Vatican Council 1962-1965

Along with the Bible and the Catechism of the Catholic Church, this is a volume that every Catholic should not only own but also study and internalize. In the four decades that have passed since the Second Vatican Council, many theological and liturgical errors have been perpetuated by people who have invoked "the spirit of Vatican II" as justification for their actions and beliefs, yet a careful reading of the documents makes clear that the teachings of the Council are in total continuity with the previous 2000 years of Church teaching. Read the documents for yourself and learn what Vatican II REALLY taught.
