## **Galapagos Wildlife: A Folding Pocket Guide to Familiar Animals (Pocket Naturalist Guide Series)**

Raymond Leung James Kavanagh

The Galapagos Tortoise and the Flightless Cormorant are two of the better known species on this archipelago. Four ecological zones offer an array of unusual species to view and identify. Galapagos Wildlife is an essential guide for the eco-tourist visiting this archipelago. Color illustrations highlight familiar birds, mammals, reptiles, fishes and insects. Created and printed in the USA, this guide was updated in 2012 with a new cover design and updated species selection. Durable and lightweight, it conveniently folds to fit into a pocket when you want to reach for your water bottle, camera or binoculars. This is the one to take on your next eco-adventure!
