Surreal Digital Photography (One Off)

Barry Huggins, Ian Probert

Surreal Digital Photography (One Off) Barry Huggins, Ian Probert

"Surreal Digital Photography" covers the use of digital imaging software to turn digital photographs into artistic works through montage or colour enhancements. It demonstrates the techniques involved through practical projects, many of which produce a "surrealist" end result. The book is broken down to cover landscape, portrait, and studio photography, and the methods involved can be used to create amazing results from any digital photos. Creative showcase sections also highlight the best work from dynamic digital artists, with breakdowns to show the behind-the-scenes work. The book combines practical techniques with a more artistic approach to digital imaging, where it's not just about fixing problems or creating realistic results, but about exercising the imagination and being more playful with your photography.

From reader reviews:

Linda Musselwhite:

In other case, little people like to read book Surreal Digital Photography (One Off). You can choose the best book if you like reading a book. Providing we know about how is important a new book Surreal Digital Photography (One Off). You can add knowledge and of course you can around the world by just a book. Absolutely right, simply because from book you can recognize everything! From your country until finally foreign or abroad you may be known. About simple thing until wonderful thing you could know that. In this era, you can open a book or even searching by internet gadget. It is called e-book. You may use it when you feel uninterested to go to the library. Let's study.

John Solorio:

Book will be written, printed, or highlighted for everything. You can know everything you want by a publication. Book has a different type. To be sure that book is important matter to bring us around the world. Next to that you can your reading skill was fluently. A guide Surreal Digital Photography (One Off) will make you to become smarter. You can feel a lot more confidence if you can know about everything. But some of you think that will open or reading a new book make you bored. It is not make you fun. Why they may be thought like that? Have you in search of best book or ideal book with you?

Tracie Berry:

As we know that book is vital thing to add our understanding for everything. By a e-book we can know everything we wish. A book is a range of written, printed, illustrated as well as blank sheet. Every year had been exactly added. This reserve Surreal Digital Photography (One Off) was filled in relation to science. Spend your extra time to add your knowledge about your research competence. Some people has several feel when they reading a new book. If you know how big advantage of a book, you can experience enjoy to read a e-book. In the modern era like today, many ways to get book that you just wanted.

Goldie Oleary:

As a university student exactly feel bored for you to reading. If their teacher requested them to go to the library or even make summary for some reserve, they are complained. Just very little students that has reading's spirit or real their leisure activity. They just do what the professor want, like asked to the library. They go to presently there but nothing reading really. Any students feel that examining is not important, boring in addition to can't see colorful pictures on there. Yeah, it is being complicated. Book is very important for yourself. As we know that on this age, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. Therefore , this Surreal Digital Photography (One Off) can make you sense more interested to read.
