## **Caretaker's Guide to Fablehaven** Brandon Mull

Caretakers of magical preserves need to visually identify dozens of mythical and magical creatures. This book will open your eyes to a secret world most humans know nothing about. Study these pages and learn about the many magical artifacts, potions, and weapons that could potentially save your life.

Furthermore, a smart caretaker will need to know how to recognize (and stay away from) the more nefarious creatures found in this book. Most importantly, *The Caretaker's Guide to Fablehaven* will give you the inside scoop about other magical preserves around the world, including the most magical and powerful creatures known to ever exist—dragons!

Scattered throughout the book are tidbits of wisdom and counsel from previous caretakers. For example, "Smart people learn from their mistakes. But the real smart ones learn from the mistakes of others."

Immerse yourself in the secret knowledge that has been handed down through the generations by reading the handwritten updates and notes scribed in the margins by the former (and current) caretakers of Fablehaven, including Patton Burgess, Grandpa Sorenson, Kendra, and Seth. Fully-illustrated, this unique encyclopedia has gathered the world of Fablehaven into one volume.
